EAGLEBANK
We're listening.

Thomas D. Murphy
President of Retail
Banking

EagleBank was "born" in Montgomery County, opening its doors in 1998. This local, community bank was a dream-come-true for some experienced banking professionals who saw the need to specialize, localize and customize financial services for businesses located in Montgomery County, MD.

Headquartered in Bethesda, MD, EagleBank is proud of its deep roots in the County. The founders of the Bank recognized early, the potential for business and economic growth in Montgomery County. They also saw the value offered by a locally owned and operated bank. Experienced business owners and bankers, themselves, they also saw the need for quicker response on real estate and commercial loan decisions, products designed with specific and often very individual needs in mind, cutting edge knowledge of local economic trends and conditions, and an immediate access to top management.

A local bank operated by local financial professionals providing faster turnaround has often made it possible for a business client to take advantage of timely opportunities for growth or operational enhancements. And, EagleBank knows that as businesses grow and prosper, so does the economic health of Montgomery County. Likewise, successful clients have helped EagleBank grow by rewarding the Bank with many long-time, valuable client relationships and referrals over the years.

Customer relationships are critical to any bank, but EagleBank's relationship with the Community is just as important. An active corporate citizen of a county rich in resources and economic incentives for business development, EagleBank continued to grow, but always with a focus on giving back to the community. The Bank has accepted many leadership roles in County-sponsored programs, and with Chambers, schools, hospitals, social services, breast cancer organizations, wounded war veteran groups and other organizations in Montgomery County and throughout the DC Metro area. These organizations rely on the support, participation and sponsorship of a successful business community and their employees. Volunteering, serving and donating time and resources is important to the bank and its employees.

Over the past 11-plus years, EagleBank has enjoyed a reputation for honesty, trust and integrity, and for its sincere and unwavering commitment to community service and involvement. With 14 branches, the Bank's footprint reaches Silver Spring, Rockville, Chevy Chase, Potomac and Bethesda in Montgomery County, but also Dupont Circle, Eye Street, McPherson Square, K Street and Georgetown in DC, and Tysons Corner, Virgina. EagleBank respects and salutes Montgomery County as a partner in its success, and will always be proud to call Bethesda "home."
